

### Communication, Language & Literacy

The children will develop their speaking and listening skills through imaginative play and role play. We will share a variety of rhymes and rhyming stories and continue to focus on mark-making and writing our names.

### Personal, Social & Emotional Development

We will focus on:

- understanding and managing our feelings.
- caring for others and the environment.

### Mathematics

The children will develop counting and simple calculation skills through learning a variety of number rhymes and playing lots of games. They will be encouraged to sort collections of objects according to a variety of criteria and use comparative language.

# Walls, Wells and Whey!

### Understanding the World

The children will have opportunity to:

- make discoveries about cause and effect through a variety of play and practical activities.
- find out about living things and seasonal change through gardening and exploration of our school Wild Area.

### Physical Development

We will focus on:

- creating sequences of movement – for example in a Maypole dance.
- using and transporting equipment appropriately and safely.
- growing vegetables and preparing healthy snacks.

### Technology

The children will continue to develop their computer mouse skills. We will also use iPads to take photographs.

### Expressive Arts & Design

We will focus on:

- exploring texture.
- making rhythms and learning how sounds can be changed.
