

Summary of PE - CPD, competition and participation 2013/14

1. Evidence of CPD across different teachers, year groups and sports

Year Group	Total Hours Support per Term						Total Hours
	T1	T2	T3	T4	T5	T6	
Foundation						Basic Movement	7
Y1	No CPD in Year 1 as no specialist Early Years PE specialist to support (Area to be addressed in 2014/15)						
Y2	Year 2 benefitted from PPA cover for an hour a week across both classes, extending the curriculum experienced by this year group (Target Y2 Teachers for PE CPD in 2014/15)						2 hrs per week
Y3			Creative Dance		Cricket	Tennis	18 hours
					Cricket	Tennis	13 hours
Y4	Hockey	Tennis	Tag Rugby				18 hours
	Hockey	Tennis	Tag Rugby	Gymnastics			24 hours
Y5			Netball and team games	Netball			11 hours
Y6	Creative dance (2 weeks)	Gym – Large Apparatus		Team Games	Cricket		20 hours
			Health and Fitness				6 hours
	One Year 6 Class benefitted from specialist PPA cover for 1 hour/week, allowing parallel teacher opportunity to plan with specialist PE staff						1 hour per week
						TOTAL	117 hours CPD 105 hours PPA

It is clear that there have been gaps in the CPD cover whereby some members of staff received a disproportionate amount of support, whereas others were missed out altogether. In FS and KS1 it was largely because the support available was not Early Years trained. CPD was organised on a termly basis.

NEXT Year: Provided Early Years and KS1 support; Arrange CPD map in advance so that everyone is included.

Long-term School Plan for PE – revised for 2014/15

Wherever possible, the positioning of certain lesson blocks are intended to be just before or to coincide with Inter-School Competitions already planned by WASPS and/or the Vale Sports Partnership. However, they are not set in stone – if you have a valid reason for moving a lesson block, please let me know. **Also, you can choose whatever area you need for CPD – it doesn't have to follow this – proposed possible CPD slots highlighted*.**

* See the CPD timetable regarding CPD slots. I have highlighted all the possibilities for CPD open to you, but the idea is that most teachers will receive only one term's worth of CPD for one set of lessons (not both) – you choose whether indoor or outdoor.

KS1 are also required to teach 2 weeks of OAA – please fit this in where convenient at some stage during the school year.

Missing from the 13/14 schedule were tag rugby and gymnastics. We aim to address this in 2014/15.

Growth in the range of provisional and alternative sporting activities

This is an area that we are still developing. In our PE lessons, we experimented and extended the curriculum to include Health and Fitness (circuit training and developing training for specific sport areas); Dodgeball; Benchball.

Our Primary Clubs offered through KA's allow us to offer rock-climbing, fencing, trampolining and street dance.

Our Year 5/6 Sports Leaders prepared an orienteering course for use with year 2.

A team of 30+ pupils, ex-pupils, teachers and parents entered as a team for Oxford's first Rainbow Run in aid of the local children's hospice. They raised over £830 for this valuable cause.

NEXT: for 2014/15, plans to ask KA's for support with introducing ultimate Frisbee, possibly Tchoukball. Also, have introduced Boccia and OAA into the main school curriculum.

92% of children in KS2 took part in at least three intra-school events
84% of children in KS2 took part in four or more intra-school events

Developing Leadership among Older Pupils 2013-14

In addition to the examples cited in the Intra-school Competition section above:

- Six Y4 pupils and six Y5 pupils attended the first Primary Leadership Conference with a view to setting up the Vale Primary Leadership Academy.
- Year 6 Students take the lead in monitoring at Lunchtimes, helping lunch time breaks to run smoothly.
- Year 5/6 Leaders designed an orienteering course for Y2.
- Post-SATS, 12 Year 6 Sports Leaders took it in turns to assist the PE CPD Professional in delivering and coaching sessions in cricket to Y3 classes

NEXT: In 2014/15, the plan is to continue to develop this area. Current proposals:

- **Establish a formal Sports Council** (last year, our Y6 Sports Leaders made up an informal sports council)
- **Organise a Pupil Media Team to accompany our Sports Teams and write reports for the press, school website and the School Newsletter** (this was emerging last year, but happened on an *ad hoc* basis)
- **Establish a core of Y6 Leaders to train and support the Y5 Playground Leaders**

Summary of PRIMARY PE & SPORT PREMIUM FUNDING at Wantage CE - Academic Year 2013/14

Objectives 2013/2014

- Improving provision of PE and sport to benefit all children on roll, including disadvantaged, vulnerable and gifted and talented;
- To increase our level of participation at Level 2 and Level 3 Inter-school Competitions;
- To increase intra-school competition, both in terms of number of events and participation;
- To develop leadership within school – beyond Playground Leaders and Team Sports Day Leaders
- To begin to extend our PE curriculum to include other sports

Summary of spending and actions taken:

PRIMARY PE & SPORT PREMIUM FUNDING for 2013/14

£350 to access support from Vale School Sports Partnership Advisor – this has included strategic support of PE, School Sport, Club Links, plus county and national links sourced locally. It has also given the school access to High Quality Professional Development Opportunities in terms of courses available to all members of staff.

£3000 for the gold-level membership of the Vale School Sports Partnership, which has given the school access to:

- Support from a **School Sports Coordinator** to coordinate the competitions, tournaments and festivals including young leaders and inclusive opportunities.
- Progression for teams to qualify to Vale Tournaments and Oxfordshire County Games (see inter-school competition table above).
- Other support such as:
Primary School Clubs at KAs, transition workshops, summer academies, multisports, fundamentals, gifted and talented, Change 4 Life training, playleaders training, lunchtime supervisors training, grants and other opportunities as they progress throughout the year. Our school has taken advantage of Fundamental and Gifted & Talented Transition Workshops for Years 5 and 6 (20 children invited); open invitation to children across Years 4, 5 and 6 to take part in KA's Sports Club – promoted by our school – 100+ children invited to take part. Playground Leaders from Year 5 have been trained to deliver a comprehensive set of activities in KS1 at lunchtimes, and are currently being supported in training up a further group of Playground Leaders within the same year.
- Twelve children joined the new Primary Young Leaders' Academy which will be starting during the Summer term, to help in promoting leadership and responsibility within our school.

- Also as part of this, Years 3 and 4 children have attended workshops at King Alfred's (the local secondary school) e.g. tennis and badminton.
- Dance Festival aimed at children in Year 1 – 6 – 50+ attendees from our school, across the year groups, with a high contingent of boys as well as girls.
- Open invitation to children in all year groups to a wide range of clubs and activities organised by our local secondary school – including fencing, trampolining, rock climbing, swimming, family fitness.

£7,800 for the professional development of staff and PPA cover - working towards improving the provision of PE within the school.

- With this funding, the school have set up weekly sessions of professional development by Specialist PE Staff from the local secondary school (King Alfred's Academy, which has a sports specialism). These sessions have been aimed at all staff on a rota basis, so that individual teachers have had access to whole blocks of professional support to raise the standard of PE provision within the school.
- The funding has also gone into specific support towards developing a consistent and unified assessment system across the school – a crucial step towards raising the standards of PE provision.
- PPA cover in Year 2 and in one Year 6 class by specialist PE teachers has contributed to maintaining this high level of PE provision.

Outcomes

At the end of 2013/14, our school was awarded the **Gold School Games Quality Mark** for outstanding levels of competition and participation. This was particularly impressive as the previous year 2012/13, our school did not even merit bronze as we did not have sufficient intra-school competition for a school of our size. The School also, for the first time ever, won the **Vale Schools Sports "Large Schools" Trophy** which adds up the scores from all the Vale Schools Sports Partnership Events over the course of the year.
